The Real-estate market has been amongst the sectors worst hit by the economic downturn. Unfavorable changes in government policies, regulatory environment and liquidity crisis has adversely impacted the performance of the sector. There are substantial procedural delays with regards to project launches and construction approvals. The Indian Real-estate market witnessed transformations led by Real Estate (Regulation and Development) Act, 2016 (RERA), Demonetization and GST. In the near-term, these measures generated sectoral winds, which are expected to increase transparency and confidence in the sector. Year 2018 could be termed as year of consolidation and adjusting to new policy requirements for real estate industry. RERA has remained pivotal in bringing this change and driving the consolidation process wherein non-serious players are phasing out ensuring that credible developers drive the market.

B. THREATS AND OPPORTUNITIES

TDR FSI market is highly volatile and its price is influenced by demand and supply cap. Slowdown of real estate market affected demand across all segments of real estate sector and further led to down fall in demand for TDR. RBI has set sectoral caps for the total maximum exposure of banks to real estate, including individual housing loans and lending to developers for construction finance which is quite low and is curtailing the growth of the sector. Unavailability of funds has resulted in liquidity crunch and thereby impacted sale of TDR.

Delays in full-fledged implementation of New Development Control & Promotion Regulation 2034, has impacted the approval of Real estate projects in the city of Mumbai and Mumbai Suburban. This has drastically impacted the overall demand for TDR in the market in last one year.

The applicability of GST on TDR has been exempted w.e.f 01.04.2019. We are hopeful to have some positive impact of the same on the business. Financial aid from Financial Institutions to Real Estate sector may act as a boost to the real estate sector.

C. SEGMENT WISE PERFORMANCE

The Company has a single segment pertaining to Transfer Development Rights and it is taking all the necessary steps to increase its profit level.

D. OUTLOOK

Every possible initiatives are being taken care by the Company for improving the quality standards and reduction of costs at appropriate level and every effort is being taken at all levels to tackle all the types of situations which will improve productivity and profitability.

E. RISK & CONCERNS

Your Company is exposed to a number of risks such as economic, regulatory, taxation and environmental risks. Some risks that may arise in the normal course of business that could impact its ability to address future developments comprise market risk, liquidity risk, regulatory risk and market risk. The Company is in to the business of facilitation of TDR to real estate developers where TDR FSI Prices are governed as per demand and supply of TDR FSI in the market as such it is highly volatile which can affect Company's performance.

F. INTERNAL CONTROL SYSTEM AND PROCEDURE

The Company has in place adequate internal control system and procedure commensurate with the Size and nature of business. These procedures are designed to ensure.

1. That all assets and resources are used efficiently and adequately protected

INDEPENDENT AUDITOR'S REPORT

**TO THE MEMBERS
VAGHANI TECHNO-BUILD LIMITED**

Report on the Audit of Ind As Financial Statements:

Opinion

1. We have audited the accompanying IND AS financial statements of **M/s. VAGHANI TECHNO-BUILD LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss for the year, (including other Comprehensive income), the Cash flows Statement, and the Statement of Changes in equity for the year then ended and notes to financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the companies (Indian Accounting Standards) Rules, 2015 as amended, ("Ind As") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the Profit (Including Other Comprehensive Income), the Changes in equity, and its cash flows for the year ended on that date.

Basis of Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the Ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key audit matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

KEY AUDIT MATTERS	AUDITOR'S RESPONSE
<u>Valuation of Inventories</u> We identified the determination of net realisable value of work in progress as a key audit matter because of the inherent risks involved in estimating the costs to complete each inventory i.e Transfer of Development Rights (TDR) development project and the future selling prices for each TDR development projects. There also exists uncertainty regarding the eligibility of generating the TDR considering the extant regulations applicable to a project which entitles the original owner to claim TDR in the form of Development Rights Certificate (DRC) upon surrendering the compensation amount and complying with the conditions as may be prescribed by the Municipal authorities. Due to the peculiar nature of inventory, obtaining third party independent valuation of the inventory is also not possible. Due to the judgment and estimates involved in the management calculation of net realisable value, the same has been considered as key audit matter	Our procedures included discussion with the management on the reasonableness of the assumptions and our substantive procedures included: Our procedures in relation to the NRV of work-in-progress included: • Evaluating the design, implementation, and operating effectiveness of key internal controls over the preparation, monitoring and management of the budgeted cost, • Challenging the assumptions and judgments applied by management in estimating the NRV including evaluating the accuracy of management's prior period estimation; • We reviewed the information provided by the management with respect to valuation of such TDR development project in progress.

Information Other than the financial Statements and Auditor's Report Thereon

5. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the

Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

6. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations. We have nothing to report in this regard.

Management Responsibilities for the financial Statements

8. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act 2013, with respect to the preparation of these financial statements that give a true and fair view of the financial position and financial performance, and the cash flow of the Company in accordance with the Accounting Principles generally accepted in India, including the Accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. The Board of Directors are responsible for overseeing the Company financial reporting process.

Auditor's Responsibilities for the Audit of the financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements

represent the underlying transactions and events in a manner that achieves fair presentation.

13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central government in terms of Section 143(11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the order.
17. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- e) On the basis of written representation received from the directors as on 31st march 2022 taken on record by the Board of directors, none of the directors is disqualified as on 31st March 2022 from being appointed as a director in terms of section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.
- g) With respect to the matter to be included in the Auditor’s Report under Section 197(16) of the Act;

In our opinion and according to the information and explanation given to us, the company has not paid any remuneration to its Key Managerial Personnel. Hence reporting as required by section 197(16) is not applicable.

- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations as at 31st March, 2022 on its financial position in its financial statements - [Refer Note No 18]

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.

- iv. The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
- provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

- v. The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or

entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:

- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
- provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries; and

vi. Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (iv)(i) and (iv)(ii) contain any material mis-statement.

vii. The company has not declared or paid any dividend during the year.

"Annexure A" to the Independent Auditors Report

(referred to in paragraph 16 under the heading 'Report on Other Legal & Regulatory Requirements' of our report of even date to the financial statements of the Company for the year ended 31st March, 2022.)

As per the books and records produced before us and as per the information and explanations given to us and based on such audit checks that we considered necessary and appropriate, we confirm that:

(i) According to information and explanations provided to us, the Company does not have Property, Plant & Equipment and Intangible assets. Accordingly clause 3(i) of the order is not applicable to the Company.

(ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in the aggregate for each class of inventory.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. Hence reporting under this clause is not applicable.

(iii) (a) According the information and explanations given to us, the Company has not made any investments or provided any guarantee or security or any loans or advances in the nature of loans to companies, firms, LLP's or any other parties. However the company had granted unsecured loan to a company in preceding financial years.

(A) According to the information and explanations given to us, the Company does not have any subsidiaries, joint ventures and associates. Hence reporting under clause 3(iii)(a)(A) is not applicable.

(B) The aggregate amount of loan advanced during the year to parties other than subsidiary, joint ventures and associates is Nil and balance outstanding as at the Balance Sheet date is Rs. 182.56 lakhs respectively;

(b) According to the information and explanations given to us and based on examination of the books and records there are no investments made and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided by the company are not prejudicial to the interest of the Company except that there are no stipulations of schedule of repayment of principal and payment of interest for the loans and advances in the nature of loans given by the Company.

(c) According to the information and explanations given to us and based on examination of the books and records, there is no stipulation of schedule of repayment of principal and payment of interest for the loans and advances in the nature of loans given by the Company. As such we are unable to make specific comment on regularity of repayment of principal and payment of interest;

(d) According to the information and explanations given to us and based on examination of the books and records, since the loans and advances in the nature of loans are given by the company without any stipulation of schedule of repayment of principal and payment of interest, we are unable to make any specific comment on the overdue outstanding as at year end;

(e) According to the information and explanations given to us and based on examination of the books and records, as the loans and advances in the nature of loans are given by the company without any stipulation of schedule of repayment of principal and payment of interest, we are unable to make any specific comment on any loan or advance in the nature of loan granted which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties;

(xvii) According to the information and explanations given to us, the Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been resignation of the statutory auditors during the year and there were no issues, objections or concerns raised by the outgoing auditors.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an

assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) In our opinion and according to the information and explanations given to us, sub-section (5) of Section 135 of the Companies Act, 2013 is not applicable to the company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

(xxi) The reporting under clause (xxi) is not applicable in respect of audit of financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

“Annexure – B” to the Independent Auditor’s Report

(referred to in paragraph 17(f) under the heading ‘Report on Other Legal & Regulatory Requirements’ of our report of even date to the financial statements of the Company for the year ended 31st March, 2022.)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. We have audited the internal financial controls over financial reporting of M/s. VAGHANI TECHNO-BUILD LIMITED (“the Company”) as of 31st March, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s and Board of Director’s Responsibility for Internal Financial Controls

2. The Company’s management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

3. Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over

financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31,

2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 COMPANY OVERVIEW

The Company ("Vaghani Techno-Build Limited", "VTBL") is an existing public limited company incorporated on 06/10/1994 under the provisions of the Indian Companies Act, 1956 and deemed to exist within the purview of the Companies Act, 2013, having its registered office at D Wing, Karma Sankalp, 6th & 7th Road of Rajawadi, Ghatkopar(East), Mumbai, Maharashtra ,400077. The Company is engaged in trading of Transfer of Development Rights (TDR) and Real Estate Development (including projects undertaken on right to generate TDR).The Equity shares of the company are listed on BSE Limited ("BSE"). The financial statements are presented in Indian Rupee (₹).

2 SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENT

(i) COMPLIANCE WITH Ind AS

These financial statements are prepared in accordance with Indian Accounting Standards ("Ind AS"), the provisions of the Companies Act, 2013 ("the Companies Act"), as applicable and guidelines issued by the Securities and Exchange Board of India ("SEBI"). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

The financial statements correspond to the classification provisions contained in Ind AS 1, "Presentation of Financial Statements". For clarity, various items are aggregated in the statements of profit and loss and balance sheet. These items are disaggregated separately in the notes to the financial statements, where applicable.

These financial statements are presented in Indian Rupees (INR), which is also the functional currency. All the amounts have been rounded off to the nearest lakhs, unless otherwise indicated.

The financial statements were authorized for issue by the Company's Board of Directors on **27th May, 2022**.

(ii) HISTORICAL COST CONVENTION

The Company follows the mercantile system of accounting and recognizes income and expenditure on an accrual basis. The financial statements are prepared under the historical cost convention, except in case of significant uncertainties and except for the following:

- (a) Certain financial assets and liabilities (Including Derivative Instruments) that are measured at fair value;
- (b) Defined benefit plans, if any where plan assets are measured at fair value.
- (c) Investments, if any are measured at fair value.

(iii) CURRENT AND NON CURRENT CLASSIFICATION

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

2.2 USE OF ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

2.3 FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(I) FINANCIAL ASSETS

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- (a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss); and
- (b) those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

- (a) For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.
- (b) For investments in debt instruments, this will depend on the business model in which the investment is held.
- (c) For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(a) Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other income or other expenses (as applicable). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other income or other expenses (as applicable) in the period in which it arises. Interest income from these financial assets is included in other income or other expenses, as applicable.

(b) Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has selected to present fair value gains and losses on equity investments in other comprehensive income and there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other income or other expenses, as applicable in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime credit losses (ECL) to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

(iv) Derecognition of financial assets

A financial asset is derecognised only when -

- (a) The Company has transferred the rights to receive cash flows from the financial asset or
- (b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(II) FINANCIAL LIABILITIES

(i) Measurement

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through profit or loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through profit or loss.

(ii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

2.4 INVENTORIES VALUATION

TDR Stock are valued at lower of cost and net realisable value (NRV). Cost is arrived at on the basis of specific identification method. The NRV is determined with reference to the estimated selling price in the ordinary course of business less the estimated costs of completion for properties under development and the estimated costs necessary to make the sale.

2.5 CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of company's cash management policy.

2.6 INCOME TAX

The Income tax expense or credit for the year is the tax payable on the current year's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the profit and loss except to the extent it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised in equity or other comprehensive income respectively.

(i) CURRENT INCOME TAX

Current tax charge is based on taxable profit for the year. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) DEFERRED TAX

Deferred tax is provided using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the reporting date. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised.

Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

The carrying amount of deferred tax assets is reviewed at each reporting date and adjusted to reflect changes in probability that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred income tax assets and liabilities are off-set against each other and the resultant net amount is presented in the Balance Sheet, if and only when, (a) the Company has a legally enforceable right to set-off the current income tax assets and liabilities, and (b) the deferred income tax assets and liabilities relate to income tax levied by the same taxation authority.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.7 REVENUE RECOGNITION

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed are net of returns, trade discount taxes and amounts collected on behalf of third parties. The Company recognises revenue as under:

(I) Sales

(a) Revenue from operation:

Income from sale of right to generate Transfer of Development Rights (TDR) is recognised when the project is handed over to the authority. In case of sale of such rights when the project is at work in progress stage, revenue is recognised on the date of such sale/transfer.

Sale of Transfer of Development Rights is recognised on entering into an agreement with the Purchaser of the Transfer of Development Rights.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

The Company does not expect to have any contracts where the period between the transfer of the promised goods to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Group performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

2.8 COST OF REVENUE

Cost of Development Rights includes proportionate development rights cost, borrowing cost and other related costs.

2.9 OTHER INCOME

Interest income is recorded on a time proportion basis taking in to account the amounts invested and the rate of interest.

2.10 BORROWING COSTS

(i) Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

(ii) Borrowings are classified as current financial liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

2.11 EARNINGS PER SHARE

1 Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company; and
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

2 Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares; and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.12 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS :

(i)Provisions:

A provision is recognized, when company has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, in respect of which a reliable estimate can be made for the amount of obligation. The expense relating to the provision is presented in the profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(ii) Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent liabilities, if material, are disclosed by way of notes and contingent assets, if any, are disclosed in the notes to financial statements.

(iii) Contingent Assets

Contingent Assets are disclosed, where an inflow of economic benefits is probable.

2.13 Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes outstanding bank overdraft shown within current liabilities in statement of financial balance sheet and which are considered as integral part of company's cash management policy.

2.14 Trade receivables

Trade receivables are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method, less provision for expected credit loss.

2.15 Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are recognised, initially at fair value, and subsequently measured at amortised cost using effective interest rate method.

2.16 Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.17 Operating Cycle

Based on the nature of products/activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non current.

2.18 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Rupees Lakhs (up to two decimals), unless otherwise stated as per the requirement of Schedule III (Division II).

2.19 Recent Accounting Pronouncements

The Ministry of Corporate Affairs, during the year has not made any announcement or notified new Accounting Standards or any amendments in the existing Accounting Standards as applicable to the Company. Hence there is no such notification which would have been applicable from 01st April, 2022.

2.20 The date of implementation of the Code on Wages, 2019 and the Code on Social Security 2020 is yet to be notified by the Government. The Company will assess the impact of these Codes and give effect in the financial results when the Rules/Schemes thereunder are notified.

23 Financial Risk Management

The Company's activities expose it to credit risk and liquidity risk.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact thereof in the financial statements.

Sl. No.	Risk	Exposure arising from	Measurement	Management
1	Credit Risk	Cash and cash equivalents, trade receivables and financial assets.	Credit ratings, Review of ageing analysis.	Strict credit control and monitoring system, diversification of counterparties, check on counterparties basis credit rating and investment review on quarterly basis.
2	Liquidity Risk	Trade payables and other financial liabilities.	Maturity analysis, cash flow projections.	Maintaining sufficient cash / cash equivalents and marketable security and focus on realisation of receivables.

The Board provides guiding principles for overall risk management, as well as policies covering specific areas such as credit risk and liquidity risk effecting business operations. The company's risk management is carried out by the management as per guidelines and policies approved by the Board of Directors.

(A) Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses the direct risk of default, risk of deterioration of creditworthiness as well as concentration risks. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

Credit Risk Management

The company's credit risk mainly from trade receivables as these are typically unsecured. This credit risk has always been managed through credit approvals, establishing credit limits and continuous monitoring the creditworthiness of customers to whom credit is extended in the normal course of business. The Company estimates the expected credit loss based on past data, available information on public domain and experience. Expected credit losses of financial assets receivable are estimated based on historical data of the Company. The company has provisioning policy for expected credit losses.

The maximum exposure to credit risk as at 31 March 2022 is the carrying value of such Trade Receivables as shown in Note No. 8 of the financials.

The Credit Loss allowances are provided in the case of trade receivables as under:

Particulars	2021-22	2020-21
Loss allowance as at the beginning of the Year	65.00	65.00
Change in loss allowance	-	-
Loss allowance as at the end of the year	65.00	65.00

(B) Liquidity Risk

The Company's principal sources of liquidity are "cash and cash equivalents" and cash flows that are generated from operations. The Company believes that its working capital is sufficient to meet its current requirements. Hence the Company does not perceive any liquidity risk.

24 Capital Management

For the purposes of Company capital management, Capital includes equity attributable to the equity holders of the Company and all other equity reserves. The primary objective of the Company capital management is to ensure that it maintains an efficient capital structure and maximize shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders or issue new shares. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2022.

The Company monitors capital using a gearing ratio and is measured by debt divided by total Equity. The Company's Debt is defined as long-term and short-term borrowings including current maturities of long term borrowings and total equity (as shown in balance sheet) includes issued capital and all other reserves.

Particulars	31st March 2022*	31st March 2021*
Borrowing	-	11.52
Less : Cash & Cash Equivalents	1.19	1.35
*Net Debt	-	-
Total Equity + Net Debt	720.42	715.28
Gearing ratio#	-	-

#During the year, the Company has enough liquidity to repay its financial liabilities, hence there are no financial risk associated with the Company. Therefore for the current financial year capital gearing ratio is not applicable.

Debt is defined as long term and short term borrowings including current maturities

Total Equity (as shown in the Balance Sheet) includes Issued Capital and all other Equity Reserves
